The Division of Water Resources (the Division) acknowledges receipt of a certified Notice of Termination on **07/02/2024**. This form was submitted according to Section 9.1.1 of the General NPDES Permit for Storm Water Discharges Associated with Construction Activity, which requires the operator to submit written certification that a site, or portion of a site has been finally stabilized and all stormwater discharges associated from the construction activities are eliminated. **Therefore, discharge authorization for the permit tracking number TNR162345 has been identified as "Inactive" in our database as of 07/11/2024**. Details regarding this project are below:

Construction Project:	Kevin Brobeck
Master Tracking Number:	TNR162345
Tracking Number:	TNR162345
Permittee Name:	Kevin Brobeck
Project Name:	McCall Road Water Line
Site Location:	McCall Rd, Limestone, TN 37681
County:	Washington

Please note that all point source discharges require coverage under an NPDES permit from the Division. Therefore, if you should decide to resume soil disturbances from construction activities at this site you should submit a Notice of Intent (NOI) in accordance with the requirements of the CGP at least 30 days prior to the starting of any activities.

If you have questions, please contact Johnson City Environmental Field Office or call us at 1-888-891-TDEC.

Sincerely,
Division of Water Resources
