Regarding: Request to Terminate Existing Convenience Center Permit and Apply for a New Permit

Cannon County is working to secure all proper paperwork to permit a new Solid Waste Convenience Center in the Fox Industrial Park (location 35.833276, 86.066764). The location of the new convenience center is the same county-owned parcel (039 091.01), however given the substantive improvements and changes in operating procedures, the field office has requested Cannon County to terminate the existing permit (CCC 08-000-0245) on this parcel and apply for a new permit by rule. We have reviewed the regulatory conditions and believe this new center meets all of the criteria set forth in the Permit by Rule Section for Solid Waste Convenience Centers in Tennessee.

Our paperwork to permit this facility is attached. Once this is permitted, please provide guidance on how to terminate Convenience Center Permit (CCC 08-000-0245).

Respectfully,
Brent Bush
Cannon County Executive
