DIV OF WATER RESOURCES
RECEIVED

Mr. Robert Wayne, Permit Coordinator
Tennessee Department of Environment and Conservation,
Division of Water Resources

Dear Mr. Wayne,

I am responding to the notice on page A14 of the August 27, 2015, issue of "The Covington Leader" concerning a request from the Lower Mississippi River Conservation Committee for a permit that would alter stone dikes in four locations on the Mississippi River in Lenderdale and Tipton Counties.

As a landowner of Corona Bar in Tipton County, I have reservations and objections to a permit being given and for this project's advancing. I have not received any information or details concerning what appears to be a major undertaking on the river that would affect our family's property. In addition, a public hearing on the matter should be held.

Sincerely,

Joanne C. Moore
(Mrs. Sam S.)
