Thank you for your response. I only meant to send the second copy to my Dad-which is Mayor Sullivan! As I am an only child, I want to take the best care of him as possible! I'm sorry you received both of my emails! But if it helps-one huge field is located right across from our farm! It is just awful! We have invited Moccasin Bend & Mayor of Chattanooga up for a cookout or just to talk when it has been on the ground for over 3-4 months without being spread— their response— that wasn't their job! They were only to get it out of Chattanooga! They made sure to relocate the best worker they had that was making the company follow the rules, Karan Snyder followed the trucks made sure they done their job & Moccasin Bend didn't like that she knew the company was in violation so they either terminated her or moved her position! That tells us that something is wrong all together! But our next step as citizens will have to be not getting to enjoy our own land, that we have due diligence too! Until this is a Approved to Class A & a third party can watch over it. Our county will continue to fight hard with whatever we have too. If it has to be a lawsuit, it will just have to be. But I beg you not to issue the permit on the grounds of our family farm & our family's health. We have overcome lung cancer this year & open heart surgery. And each time this biosolid is brought in my Daddy goes into ICU for two to three days with afib. I have it all documented. I can't beg you enough to check the pfas.

Thank you for your utmost consideration
Brandy S. Delon

Thank you for the email, Brandy. I received Mayor Sullivan's comments.

Thanks,

John

Attached is a memo from Mayor David Sullivan from Van Buren County.

Thank you very much--

Brandy S. Delon
