**SUBJECT: Notice of Termination - NPDES permit number TNG830280**  
101 Travel Plaza  
7311 Highway 104 North  
Cedar Grove, Henderson County, Tennessee  
TDEC Facility ID No. 8-390152

To Whom It May Concern:

ATC Group Services LLC, dba Atlas Technical Consultants, LL (Atlas), is the operator for the referenced permit, at the address listed below. Operation of the emergency response groundwater treatment (associated with underground storage tank remediation) at this location has ceased and for this reason, Atlas, on behalf of the Discharger: TDEC-DUST, respectfully requests that NPDES permit number TNG830280 be terminated.

I certify under penalty of law that all discharges of treated groundwater associated with underground storage tank remediation from the identified site that are authorized by an NPDES general permit have been eliminated. I understand that by submitting this notice of termination, that I am no longer authorized to discharge treated groundwater associated with underground storage tank remediation under this general permit, and that discharging pollutants associated with treated groundwater associated with underground storage tank remediation to waters of the state is unlawful under the Clean Water Act where the discharge is not authorized by an NPDES permit. I also understand that the submittal of this notice of termination does not release an operator from liability for any violations of this permit or the Clean Water Act.

Please contact me at (801) 949-3105 if you have any questions regarding this application.

Sincerely,

**ATLAS TECHNICAL CONSULTANTS LLC**
