**Ready-Mixed Concrete Facilities (RMCP)**  
**Notice of Coverage Fact Sheet**

The Division of Water Resources received from your company a Notice of Intent (NOI) to be covered under the General NPDES Permit for Discharges of Storm Water Runoff and Process Wastewater Associated with Ready Mixed Concrete Facilities (RMCP). The new RMCP general permit was issued on November 1, 2012, with an effective date of November 15, 2012, and an expiration date of October 31, 2017. **We have recorded your facility's information and are hereby notifying you that your facility is covered under this RMCP general permit.**

Enclosed with this fact sheet you will find a Notice of Coverage with the permit tracking number, facility's name, address, receiving stream information and other site-specific information that applies to your facility. Please remember that all off-site washout locations require written approval of the property owner and notification to the local Field Office. In order to get a copy of the RMCP general permit we ask you to visit our web site located at: <http://www.state.tn.us/environment/permits/concrete.shtml>. We will provide you with a printed copy of the RMCP general permit **only** upon your request.

At our web site, you will a copy of this general permit and the permit rationale, notice of determination, guidance documents, and links to relevant web sites. If you do not have access to the web, or have other questions, please contact us at 1-888-891-TDEC or by E-mail at [Water.Permits@tn.gov](mailto:Water.Permits@tn.gov).

Thank you for your time and assistance.

Sincerely,

Manager, Permit Section  
Division of Water Resources

**Tracking No. TNG110407**

Notice of Coverage under the  
General NPDES Permit for Discharges of Storm Water Runoff and Process Wastewater Associated with  
**READY MIXED CONCRETE FACILITIES (TNG110000)**

Tennessee Department of Environment and Conservation  
Division of Water Resources  
401 Church Street  
6th Floor, L&C Annex  
Nashville, Tennessee 37243

Under authority of the Tennessee Water Quality Control Act of 1977 (T.C.A. 69-3-101 et seq.) and the delegation of authority from the United States Environmental Protection Agency under the Federal Water Pollution Control Act, as amended by the Clean Water Act of 1977 (33 U.S.C. 1251, et seq.):

Discharger: **Sherman Dixie Concrete Industries**

is authorized to discharge: **process waste water from Outfall 001 and stormwater runoff from Outfall SW1**

from a facility located: **3950 Cromwell Road in Chattanooga, Hamilton County**

to receiving waters named: **Friar Branch - Exceptional Tennessee Waters due to the presence of species vulnerable to the risk of extinction - the Chickamauga Crayfish, listed by Tennessee as a threatened species**

in accordance with effluent limitations, monitoring requirements and other conditions set forth herein.

Coverage under this general permit shall become effective on May 6, 2013 and shall expire on October 31, 2017.
