Just a note to let you know that you may have overlooked our statements because your account with the Brownsville Press is overdue.

If you have questions about your balance, please call me at 731-772-9962. For your records, we have enclosed the ad that was published on your behalf.

If it's helpful we will help you arrange terms, and we accept major credit cards.

Sincerely,
Carlton Veirs

LEGAL NOTICE

The TDEC Division of Water Resources (DWR) proposes to issue a water quality National Pollutant Discharge Elimination System (NPDES) permit:

Megasite Authority of West Tennessee

Permit Number: TN0081906

Rating: Major

EFO Name: Jackson

2672 KEELING RD

Location: 2672 KEELING RD

Applicant: Wade Murphy

Permit Writer: Haywood County

Memphis Regional Megasite WWTP

City: STANTON, TN 38069

Activity Description: Treatment of municipal wastewater and discharge of treated municipal wastewater as well as reverse osmosis retentate from a planned automotive assembly and battery manufacturing complex from Outfall 001. Treated wastewater will consist of domestic waste and pretreated industrial effluent from the Blue Oval City (5.1 MGD)

Effluent Description: Treated municipal wastewater and reverse osmosis retentate from Outfall 001; Treatment will consist of sequencing batch reactor (SBR) biological treatment including a conventional grit and trash removal headworks, tertiary effluent disc filters, screw press biosolids handling and on-site reuse of treated wastewater.

Receiving Stream: Mississippi River mile 768

####

For more information, or to review and/or copy documents from the permit file (there is a nominal charge for photocopies), contact Wade Murphy at (615) 532-0666 or the Jackson Environmental Field Office at (731) 512-1300. To comment on this permit issuance or proposed conditions submit written comments to TDEC-DWR, William R. Snodgrass - Tennessee Tower, 312 Rosa L. Parks Avenue, 11th Floor, Nashville, Tennessee 37243. Comments should be received within 30 days from the Legal Notice and should include the applicant name and NPDES Number.

Interested persons may request a public hearing on any application. The request must be filed within the comment period and must indicate the interest of the filing party and reasons for the request. If there is significant interest, a hearing will be held pursuant to Rule 0400-40-5-.06(9)(a), and the Director will make determinations regarding permit issuance.

The proposed permit contains limitations on the amounts of pollutants to be discharged, in accordance with Federal and State standards and regulations. Permit conditions are tentative and subject to public comment.
