Notice of Termination (NOT) for General NPDES Permit for Stormwater Discharges from Construction Activities (CGP)

This form is required to be submitted when requesting termination of coverage from the CGP. The purpose of this form is to notify the TDEC that either all stormwater discharges associated with construction activity from the portion of the identified facility where you, as an operator, have ceased or have been eliminated; or you are no longer an operator at the construction site. Submission of this form shall in no way relieve the permittee of permit obligations required prior to submission of this form. Please submit this form to the local WPC Environmental Field Office (EFO) address (see table below). For more information, contact your local EFO at the toll-free number 1-888-891-8332 (TDEC).

Type or print clearly, using ink.

Site or Project Name: Woodbridge Glen Phase 1A Section 3 lots 182-190		NPDES Tracking Number: TNR 242276.06	
Street Address or Location: 840 Callis Road, Lebanon		County(ies): Wilson	
Name of Permittee Requesting Termination of Coverage: D.R. Horton, Nashville, TN			
Permittee Contact Name: Jeremy Polk		Title or Position: Assistant Secretary	
Mailing Address: 7175 Nolensville Pike Suite 202		City: Nolensville	State: TN
Phone: (615) 283-6000		Zip: 37135	
E-mail: JAPolk@drhorton.com			

Check the reason(s) for termination of permit coverage:

- ☒ Stormwater discharge associated with construction activity is no longer occurring and the permitted area has a uniform 70% permanent vegetative cover OR has equivalent measures such as rip rap or geotextiles, in areas not covered with impervious surfaces.
- ☒ You are no longer the operator at the construction site (i.e., termination of site-wide, primary or secondary permittee coverage).

Certification and Signature: (must be signed by president, vice-president or equivalent ranking elected official)

I certify under penalty of law that either: (a) all stormwater discharges associated with construction activity from the portion of the identified facility where I was an operator have ceased or have been eliminated or (b) I am no longer an operator at the construction site. I understand that by submitting this notice of termination, I am no longer authorized to discharge stormwater associated with construction activity under this general permit, and that discharging pollutants in stormwater associated with construction activity to waters of the United States is unlawful under the Clean Water Act where the discharge is not authorized by a NPDES permit. I also understand that the submittal of this notice of termination does not release an operator from liability for any violations of this permit or the Clean Water Act.

For the purposes of this certification, elimination of stormwater discharges associated with construction activity means that all stormwater discharges associated with construction activities from the identified site that are authorized by a NPDES general permit have been eliminated from the portion of the construction site where the operator had control. Specifically, this means that all disturbed soils at the portion of the construction site where the operator had control have been finally stabilized, the temporary erosion and sediment control measures have been removed, and/or subsequent operators have obtained permit coverage for the site or portions of the site where the operator had control.

I certify under penalty of law that this document and all attachments were prepared by me, or under my direction or supervision. The submitted information is to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment. As specified in Tennessee Code Annotated Section 39-16-702(a)(4), this declaration is made under penalty of perjury.

Re: NOT from D.R. Horton, Nashville, TN for Woodbridge Glen Phase 1A Section 3 lots 182-190,
Lebanon, Wilson County, Tennessee

Dear Mr. Murph:

On behalf of our client, D.R. Horton, Nashville, TN, we are submitting electronically, through our FTP server, three signed Notices Of Termination for coverage under the Tennessee General NPDES Permit for discharges of Storm Water Associated With Construction Activities for Woodbridge Glen Phase 1A Section 3 lots 182-190, Lebanon, Wilson County, Tennessee.

Construction is complete, and all previously disturbed areas have been stabilized. We are also submitting electronically photographs to demonstrate stabilization. Ghertner & Company HOA will be responsible for maintaining the stormwater infrastructure.

A download confirmation will serve as the Division's acknowledgment of receiving and accepting this Notice.

Yours truly,

Colleen White
Office Manager
