DIVISION OF WATER RESOURCES

Dear Mr. McAdoo,

According to information submitted to the DRUC by the Hillsville Utility District, the existing inter-basin transfer of water by the DRUC from the Tennessee Western Valley River Basin to the Manchester Water & Sewer Department then to the HUD that then crosses into the Upper Cumberland River Basin has dropped back to normal levels.

Information supplied to DRUC by the Hillsville Utility District (see attached) indicates that the grandfathered amount is not expected to be exceeded in the near future.

Please contact me at your convenience if you need additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Randal J. Braker".
