---

Eddie – I received a Termination Request for #NR1608.2872 on 4/21/2017. Please review the request to make sure that the permitted project has been completed and terminate the permit. If not, the termination request should be denied. Also, if it should be terminated and it isn't done, they will be sent to collections for non-payment of yearly maintenance fees which will included interest and penalties. I have uploaded the request to waterlog and included it as an attachment.

Thanks!

*Jeanene Woodruff*
