The permittee must submit an annual report between January 1 and February 15 that includes:

- a) The number and types of animals on site whether in open confinement or housed under roof;
- b) Estimated amount of total manure and/or litter generated by the CAFO in previous calendar year (tons/gallons);
- c) Estimated amount of total manure, and/or litter transferred to a third party by the CAFO in the previous calendar year (tons/gallons);
- d) Total number of acres for land application covered by the nutrient management plan;
- e) Total number of acres under control of the CAFO that were used for land application of manure, litter and process wastewater in the previous calendar year;
- f) A statement indicating whether the current version of the CAFOs nutrient management plan was developed or approved by a certified nutrient management planner.

Annual reports must be submitted to the division at the appropriate TDEC EFO for the county where the CAFO is located, and to the Nashville Central Office Enforcement and Compliance Section at the address listed below.

CAFO Annual Report
TDEC - Division of Water Pollution Control
