Notice of Termination (NOT) for General NPDES Permit

This form is required to be submitted when requesting termination of coverage from any General NPDES Permit, other than the General NPDES Permit for Stormwater Discharges from Construction Activities (termination requests for the CGP should be submitted using Form CN-1175), issued by TDEC. The purpose of this form is to notify TDEC that either all previously authorized discharges from the facility have ceased or have been eliminated; or you are no longer an operator at the permitted site. Submission of this form shall in no way relieve the permittee of permit obligations required prior to submission of this form. Please submit this form to Water.Permits@tn.gov. For more information, contact your local EFO at the toll-free number 1-888-891-8332 (TDEC).

Type or print clearly, using ink.

Check the reason(s) for termination of permit coverage:

<input checked="" type="checkbox"/>	Discharge associated with permitted activity is no longer occurring.
<input type="checkbox"/>	You are no longer the operator at the permitted site.

Certification and Signature: (must be signed by president, vice-president or equivalent ranking elected official)

I certify under penalty of law that either: (a) all discharges associated with permitted activity from the portion of the identified facility where I was an operator have ceased or have been eliminated or (b) I am no longer an operator at the construction site. I understand that by submitting this notice of termination, I am no longer authorized to discharge pollutants under this general permit, and that discharging pollutants to waters of the United States is unlawful under the Clean Water Act where the discharge is not authorized by a NPDES permit. I also understand that the submittal of this notice of termination does not release an operator from liability for any violations of this permit or the Clean Water Act.

For the purposes of this certification, elimination of discharges means that all stormwater discharges associated with activities from the identified site that are authorized by a NPDES general permit have been eliminated from the portion of the site where the operator had control.

I certify under penalty of law that this document and all attachments were prepared by me, or under my direction or supervision. The submitted information is to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment. As specified in Tennessee Code Annotated Section 39-16-702(a)(4), this declaration is made under penalty of perjury.
