Subject: Haynes Farm Revision - TNR112835

Micah,

We are submitting a revision to the Haynes Farm (TNR112835). I think I had mentioned this to you several months ago, but we shifted the chicken houses farther away from the road to satisfy the TWRA and USFWS, who were worried about the Chickamauga crayfish and Indiana bat habitat. We held off re-submitting to TDEC until the owner was ready for us to do so.

I have attached the updated written SWPPP to this email, and I will send hard copies of the plans to your office tomorrow. Nothing has substantially changed with the shift of the buildings. I have also asked Tom Haynes to sign an updated NOI and SWPPP Certification to reflect the increase in disturbed area, which was about half of an acre.

Please let me know if you have any questions or if you need anything else.
