Re: Consumer Confidence Report Rule Compliance Status Notification for the Period:
January 1, 2023 through October 1, 2023
PWSID: TN0000056
County: Sullivan

Dear Mr. Pippin,

The Division of Water Resources (DWR) appreciates the dedicated efforts of Bloomingdale Utility District to meet the requirements of the Tennessee Safe Drinking Water Act (SDWA). Failure by a community water system to meet reporting requirements is a violation of the drinking water regulations. During a recent compliance status review, Bloomingdale Utility District has been identified with a possible violation of the Consumer Confidence Report Rule.

The Consumer Confidence Rule requires community water systems deliver a copy of the Consumer Confidence Report (CCR) to water customers and to DWR by July 1 every year. The CCR shall be delivered by approved methods and shall contain water quality information that is consistent with the compliance monitoring data submitted to DWR.

Bloomingdale Utility District has been identified with the following possible CCR violation:

1. A water bill showing the link to the CCR confirming electronic delivery of the CCR to customers by July 1, 2023 was not received by DWR.

If you believe the violations listed above have been identified incorrectly, please provide documentation to our office within fifteen (15) days of receiving this correspondence. Failure to do so will cause the violation to become valid and reported to the United States Environmental Protection Agency (EPA).

Again, the Division would like to extend our appreciation for your efforts to maintain compliance with the Safe Drinking Water Act. As always, our staff is available to assist you with any questions you may have. Specific concerns regarding this letter should be directed to the Johnson City Field Office at (423) 854-5400 or to Rebecca Rush at (615) 913-6039 or at Rebecca.Rush@tn.gov.

Sincerely,

Jessica Murphy, Manager
Compliance and Enforcement Unit
