**Subject: Monthly Progress Report – October 2021  
Airgas USA, LLC  
Kingsport, Sullivan County, Tennessee  
State Operating Permit No. SOP-79049**

Dear Mr. Carter,

Kleinfelder Inc. (Kleinfelder), on behalf of Airgas USA, LLC (Airgas) has prepared the monthly progress report for September 2021. At the above referenced property (the Site), Airgas began construction activities to permanently close the onsite lime waste holding pond (lime pond) on August 16, 2021. The lime pond was operated under State Operating Permit # SOP-79049.

In the month of September, thirty three (33) Republic Services truckloads of lime waste have been transported off Site to the Carter Valley Landfill located at 2825 Carters Valley Road in Church Hill, Tennessee. The waste was hauled off Site in between September 13, 2021, and September 27, 2021, and the thirty three loads equate to approximately 645.68 tons. No issues or incidents occurred during the loading and transportation of the lime waste. The non-hazardous special waste manifests are included in Appendix A.

Dewatering activities of the lime pond have occurred at regular intervals to keep the pond dry. Since project initiation, in the month of September, approximately 107,130 gallons of water have been recovered, desilted in the on Site filtration system, and discharged to the Kingsport publicly owned treatment works (POTW) via sewer pipe. Discharge activities are authorized under the City of Kingsport Wastewater Discharge Permit # KPT-NDU-AG. No incidents or spills occurred during dewatering and discharging. The table below summarizes the dates and volumes of water recovered and discharged.

Discharge Date	Gallons
9/8/2021	28,354
9/11/2021	9,995
9/15/2021	15,138
