Re: Compliance Status Notification - Public Notice Rule
PWSID: TN0000061

Mr. Moutrie:

The Division of Water Resources appreciates the dedicated efforts of the BLUFF CITY WATER DEPARTMENT to meet the requirements of the Tennessee Safe Drinking Water Act (SDWA). After reviewing the records maintained by the Division, this water system was identified as being required to perform Public Notice(s) during the previous quarter of this year. After reviewing Division records, the Public Notice(s) have not been located.

Specifically, on 7/22/2021 this system was notified of a Stage2 DBP monitoring violation for April-June quarter of 2021. Based on the violation's Tier Level (Tier 3), Public Notice was required to be performed before 7/22/2022.

If you believe the above Public Notice was performed as required, please provide documentation to our office within five (5) days of receiving this correspondence. Failure to do so will indicate your agreement that the Public Notice violation(s) listed above are valid.

Again, the Division would like to extend our appreciation for your efforts to maintain compliance with the Safe Drinking Water Act. As always, our staff is available to assist you with any questions you may have. Specific concerns regarding this letter should be directed to the JOHNSON CITY Field Office at 888 8918332.

Sincerely,

Jeff Bagwell
TN Division of Water Resources
