Subject: RE: [EXTERNAL] Wartburg WWTP Improvements - 2021 CDBG Project

Good morning Ricky,

Since the project scope consists of replacing equipment in-kind, a formal preliminary project discussion will not be required. This email will serve as documentation the preliminary project discussion requirement has been met and given WPN 20.0757. If there are any changes in the project scope, please let me know.

Thanks,

Angela

Subject: [EXTERNAL] Wartburg WWTP Improvements - 2021 CDBG Project

Angela and Kent,

The City is considering a WWTP improvements project for their 2021 CDBG Application. I am requesting the required Pre-Application Conference with your office to discuss the anticipated project. We all should be available after the holidays for the Meeting.

Thanks and stay safe.

Ricky
