Subject: Lankford Dam
Highway 100
Hickman County, Tennessee

Dear Mr. Hamrick:

I work the Division of Water Resources with the Tennessee Department of Environment and Conservation (TDEC), and I am responsible for the inspection of dams located in Hickman County. I would like to ask you a few questions concerning a dam that you purchased a few years ago located near Highway 100 in Hickman County. The previous contact was a Mr. Kenneth Lankford. His wife indicated that this property was sold to you a few years ago.

There is no problem at this time. This dam is considered exempt for permitting purposes based on inspections that are conducted every 5 years. This is year 5, and an inspection of this water body is required. I only need a few minutes of your time where I can explain and provide you with some history of these inspections. I suggest that you contact me first on my cell phone anytime at 931-215-9073 or you can contact me at my office at (931) 490-3940 from 8am to 4:30pm Monday through Friday. Thank you.

Sincerely,

A handwritten signature in blue ink that reads "DeWitt Logsdon".

DeWitt Logsdon
