Subject: Pretreatment Narrative Condition Industrial Waste Survey
NPDES Permit No. TN0024449
Polk County, TN

Dear Mayor Stewart,

Copperhill's NPDES permit was issued on October 21, 2021 and became effective on November 1, 2021. Part 3.2.a of the NPDES permit requires Copperhill to submit to the Division an Industrial Waste Survey (IWS) within 120 days of the effective date of the permit. As of the date of this letter, the Division has not received a submission. This is more than 120 days past the effective date of the permit. The IWS serves as a mechanism to evaluate if Copperhill has any industrial sources of wastewater that discharge to the Copperhill STP. This letter serves as a reminder that an IWS is required within 120 days of the effective date of the NPDES permit. Please submit an IWS to me at Gordon.Holcomb@tn.gov by May 4, 2023.

Enclosed as email attachments are instructions on how to conduct and report an IWS. If you have any questions, please do not hesitate to contact me at 615-339-9956 or at the above email.

Sincerely,

Gordon Holcomb
Pretreatment
Compliance and Enforcement Unit
