RE: Safety Inspection
N. Fork Forked Deer #6 Dam
I.D.# 27-7034
Gibson County

Dear Mayor Witherspoon:

The Certificate of Approval for this dam expires in June 2018. Pursuant to the reissuance of the Certificate, a safety inspection will be schedule in the near future. Enclosed please find a renewal application for a Certificate of Approval. **The Application should be returned to the address shown on the application within thirty (30) days of receiving this application.**

It is important that the entire dam, spillways, and overflows etc. be adequately maintained and clearly visible in order to properly perform the inspection and locate any potential problems with the structure. If excess vegetation is present, we cannot adequately perform the work. **Please contact me by phone or e-mail if you have questions, or if the dam will require additional mowing/clearing before the safety inspection can be completed. We will work with you to reschedule our visit accordingly. Your cooperation and communication in having the dam prepared for the safety inspection is essential and greatly appreciated.**

Mr. Tom Witherspoon

You, or your representative, are welcome to participated in the inspection. If you desire to participate or be present, please contact me by e-mail or telephone at (731) 512-1357 or Harold Wilhite at (731) 512-1355 no later than June 1, 2018 so that a date may be arranged. If you do not contact us, the inspection will be scheduled at our convenience. Your cooperation with the Safe Dams Program is appreciated.

Sincerely,

Stephen Miller
