Dear Ms. Sartors:

I received your letter of January 8<sup>th</sup> concerning the violations on the Well Driller's report. I noticed that you intended to send a copy of the report but it was not included. Therefore, I will send my copy back to you.

In regard to the emails you sent to me, all I can say is that I receive a tremendous number of emails each day, and I just don't have time to screen them all. I failed to see the ones you sent. The best way to communicate with me is by telephone or text. My cell phone number is (270) 254-6070.

I have made the changes on the report that you requested. For this particular project, I invited Will Little to come and observe the wells being drilled. He was gracious enough to do so and brought another gentleman from his office in Jackson, TN.

I apologize for failing to see and respond to your emails. I hope the enclosed completed well report will be sufficient. If you need any further information, please give me a call.

Sincerely,

Gus Naranjo

RE: **NOTICE OF VIOLATION** – Incomplete Driller Reports (Case: 129975)

Dear Mr. Naranjo,

On December 4, 2023, the Division of Water Resources (Division) attempted to contact you by e-mail regarding a driller report that you had submitted for the well located at 8661 Meadows Road in South Fulton, Tennessee (attached). The e-mail stated that the driller report was incomplete as you had failed to complete sections 9 and 11. Upon further review, it was also noted that the date required in section 3 was also not completed.

In section 3, please indicate the complete date that the drill rig left the site.

In section 9, please indicate the well owner's mailing address. If it is the same as the well location address, please indicate this on the report.

In section 10, please indicate the depth of the bottom of the primary casing and the casing type.

**VIOLATIONS:**

As of the date of this letter, we have not received a response to our December 4, 2023, email in which we asked for the completion of this report. By submitting an incomplete driller report, you are in violation of the following statute.

- (B) The location of the well;*
- (C) The date upon which the well was completed; and*
