Lawrenceburg, TN 38464

**RE: Minor Modification – Alternate Cover (Wood Chips)
Lawrenceburg Demo Landfill
DML 59-000-0024**

Dear Mr. Hyde:

The Division of Solid Waste Management (Division) has reviewed Lawrence County Solid Waste and City of Lawrenceburg Sanitation Department's request for a minor modification to the subject permit. The specific modification is to use wood chips as an alternate cover for the Class III Demolition landfill located on Grinnell Drive in Lawrenceburg, TN.

The Division is approving using wood chips as an alternate cover with the following condition:

- Permit cover frequency is 14 days, and wood chips and soil are to be used as cover on an alternating basis, providing six inches of soil, and six inches of wood chips every 28 days.

A copy of this letter must be attached to the facility permit. If you should have any questions regarding this correspondence, please feel free to call me at (931) 840-4162.

Sincerely,

A handwritten signature in cursive script that reads "Beverly A. Philpot".

Beverly Philpot
Environmental Field Office Manager
