Dear Mr. Smith:

The Division of Water Resources would like to thank you for Ms. Jane Leatherland's submittal, received on April 12, 2024, of the required documentation by Humboldt for modifications to the Sewer Use Regulation (SUR). The proposed changes are considered a non-substantial modification in accordance with Tennessee Rule 0400-40-14-.18 and public notification is not required. The Division grants final approval for the SUR. Should Humboldt, at any time in the future, begin experiencing problems at the Humboldt STP, the SUR should be re-evaluated.

If you have any questions, please do not hesitate to contact me at 615-961-4440 or Samantha.Oneil@tn.gov.

Sincerely,

Samantha O'Neil
State Pretreatment Coordinator
Compliance and Enforcement Unit
