The ARAP #NR1604.070 is the where this needs to be posted too. I will make sure that the Nashville EFO is aware that the check was received.

Thanks!

Tammy,

Thanks for your help tracking down the check information for proper receipting of this fee payment for Atmos Energy. I'll have permit section get back with Mr. Arnold on the permit tracking number for this now that the \$500 application fee has been paid.

Fee deposit should be to EPF.

Mr. Arnold,

We're currently holding a check received from Atmos Energy Corporation; it appears by conservation with Tammy in Dallas Texas this should be applied to a permit applied for on behalf of Mill Creek Project in Nolensville TN (boring).

If you have a reference number to the permit applied and or a copy of the application it would be helpful to apply this payment to the correct project as your organization has more than one open project.

The specific location and county in Tennessee would be helpful as well. The reference number of the check is listed as project 050.41576 this does not reference with our permit numbers.

With Best Regards,

Tammy J. Smith
