Dear Dr. Bachhuber:

The Division of Water Resources (division) acknowledges receipt of a certified Notice of Termination on 20-MAY-15. This form was submitted according to Section 8.1.1 of the General NPDES Permit for Discharges of Storm Water Associated with Construction Activities (TNR100000), which requires the operator to submit written certification that a site, or portion of a site, has been finally stabilized and all storm water discharges associated from the construction activities that were authorized are eliminated.

If you have questions, please contact the division at your local Environmental Field Office at 1-888-891-TDEC; or, at this office, please contact Micah Gravitt at (423) 634-2547 or by E-mail at Micah.Gravitt@tn.gov.

Sincerely,

Jennifer Innes
Environmental Program Manager

**RE: Wacker Polysilicon North America, LLC
General NPDES Permit No. TNR112468
Wetland Mitigation Area #3 (7.5 acres)
Notice of Termination
Bradley County, TN.**

Dear Ms. Innes:

Stormwater discharge associated with construction activity at the Wetland Mitigation Area #3 (7.5 acres) is no longer occurring and the requirements of Section 8.1.1.1 have now been achieved. Please find attached a completed and signed Notice of Termination form CN-1175 (Rev. 2-13) and your original Notice of Coverage (NOC) letter dated August 4, 2014. Signs notifying the public of the construction activity will remain in place until notification from your office is received regarding confirmation of this NOT. If you have any questions, please contact me at (423) 780-8160 or Jeremy Copeland at (423) 780-7953 in my absence.

Sincerely,

Shane Geren
Environmental Engineer

Notice of Termination (NOT) for General NPDES Permit for Stormwater Discharges from Construction Activities (CGP)

This form is required to be submitted when requesting termination of coverage from the CGP. The purpose of this form is to notify the TDEC that either all stormwater discharges associated with construction activity from the portion of the identified facility where you, as an operator, have ceased or have been eliminated; or you are no longer an operator at the construction site. Submission of this form shall in no way relieve the permittee of permit obligations required prior to submission of this form. Please submit this form to the local WPC Environmental Field Office (EFO) address (see table below). For more information, contact your local EFO at the toll-free number 1-888-891-8332 (TDEC).

Type or print clearly, using ink.

Site or Project Name: Wetland Mitigation Area #3 (7.5 acres)	NPDES Tracking Number: TNR 112468
Street Address or Location: 553 McBryant Road NW Charleston, TN 37310	County(ies): Bradley

Name of Permittee Requesting Termination of Coverage: Wacker Polysilicon North America, LLC			
Permittee Contact Name: Dr. Konrad Bachhuber	Title or Position: V.P. and Site Manager		
Mailing Address: 553 McBryant Road NW	City: Charleston	State: TN	Zip: 37310
Phone: 423-780-8800	E-mail: konrad.bachhuber@wacker.com		

Check the reason(s) for termination of permit coverage:

<input checked="" type="checkbox"/>	Stormwater discharge associated with construction activity is no longer occurring and the permitted area has a uniform 70% permanent vegetative cover OR has equivalent measures such as rip rap or geotextiles, in areas not covered with impervious surfaces.
<input type="checkbox"/>	You are no longer the operator at the construction site (i.e., termination of site-wide, primary or secondary permittee coverage).

Certification and Signature: (must be signed by president, vice-president or equivalent ranking elected official)

I certify under penalty of law that either: (a) all stormwater discharges associated with construction activity from the portion of the identified facility where I was an operator have ceased or have been eliminated or (b) I am no longer an operator at the construction site. I understand that by submitting this notice of termination, I am no longer authorized to discharge stormwater associated with construction activity under this general permit, and that discharging pollutants in stormwater associated with construction activity to waters of the United States is unlawful under the Clean Water Act where the discharge is not authorized by a NPDES permit. I also understand that the submittal of this notice of termination does not release an operator from liability for any violations of this permit or the Clean Water Act.

For the purposes of this certification, elimination of stormwater discharges associated with construction activity means that all stormwater discharges associated with construction activities from the identified site that are authorized by a NPDES general permit have been eliminated from the portion of the construction site where the operator had control. Specifically, this means that all disturbed soils at the portion of the construction site where the operator had control have been finally stabilized, the temporary erosion and sediment control measures have been removed, and/or subsequent operators have obtained permit coverage for the site or portions of the site where the operator had control.

I certify under penalty of law that this document and all attachments were prepared by me, or under my direction or supervision. The submitted information is to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment. As specified in Tennessee Code Annotated Section 39-16-702(a)(4), this declaration is made under penalty of perjury.

Permittee name (print or type): Dr. Konrad Bachhuber	Signature: <i>K. Bachhuber</i>	Date: 05/20/2015

Subject: **NPDES Construction General Permit Tracking No. TNR112468
Wetland Mitigation Area #3
Charleston, Bradley County, Tennessee**

Dear Dr. Bachhuber:

The Division of Water Resources (the division) acknowledges receipt of the Notice of Intent (NOI) form for the above referenced project on August 4, 2014. The NOI was submitted to obtain coverage under a General NPDES Permit for Storm Water Discharges Associated with Construction Activity. After review, the application was deemed to be complete on August 4, 2014. Enclosed is the Notice of Coverage (NOC) form which shows the site name and location, receiving stream, effective date of coverage, etc.

Contractor Information

We do not normally transmit a copy of this letter to your contractor(s). You should make sure that all contractors listed on the NOI are aware of the General Permit requirements.

Storm Water Pollution Prevention Plan (SWPPP)

You have submitted a Storm Water Pollution Prevention Plan (SWPPP) as required by Part 1.4.2 of the CGP. Please note that the division has not performed an engineering review of the SWPPP and does not certify whether the SWPPP adequately provides for the pollution prevention requirements at the site as described in the general permit. The division acknowledges that you have submitted a SWPPP that appears to include the required components of a SWPPP. It is the responsibility of all site operators to design, implement, and maintain measures that are sufficient to prevent pollution at the referenced site, and to remain in compliance with the terms and conditions of the general permit.

We appreciate your attention to the general construction storm water permit and its requirements. We believe this does make a difference to the quality of state waters. If you have any questions, please contact Micah Gravitt at (423) 634-2547 or by e-mail at Micah.Gravitt@tn.gov.

Sincerely,

A handwritten signature in cursive script that reads "Jennifer Innes".

NOTICE OF COVERAGE UNDER THE GENERAL NPDES PERMIT FOR STORMWATER DISCHARGES ASSOCIATED WITH CONSTRUCTION ACTIVITY (CGP)

Tennessee Department of Environment and Conservation
Division of Water Resources
William R. Snodgrass Tennessee Tower
312 Rosa L. Parks Avenue, 11th Floor
Nashville TN 37243

Under authority of the Tennessee Water Quality Control Act of 1977 (T.C.A. 69-3-101 et seq.) and the delegation of authority from the United States Environmental Protection Agency under the Federal Water Pollution Control Act, as amended by the Clean Water Act of 1977 (33 U.S.C. 1251, et seq.):

Name of the Construction Project: **Wetland Mitigation Area #3 (7.5 acres)**

Master Tracking Number at the Site: **TNR112468**

Permittee Name: **Wacker Polysilicon North America, LLC**

Contractor(s): **Wright Brothers Construction Company, Inc. (August 1, 2014)**

is authorized to discharge: **storm water associated with construction activity**

from site located at: **553 McBryant Road North West, Bradley County**

to receiving waters named: **Unnamed tributary of South Mouse Creek**

in accordance with effluent limitations, monitoring requirements and other conditions set forth herein.

Likely presence of threatened or endangered species in one mile radius: **NO**

Likely presence of threatened or endangered species downstream: **NO**

Additional pollution prevention requirements apply for discharges into waters which TDEC identifies as:
a) impaired: **NO** b) discharging into Exceptional Tennessee Waters: **NO**

Your coverage under the CGP shall become effective on **August 4, 2014**, and shall be terminated upon receipt of Notice of Termination.
