Good morning Mayor Nixon. The Division of Water Resources is in the process of renewing the Town of Carthage's wastewater treatment plant discharge permit, and it has come to my attention that South Carthage's operating permit for the satellite collection system to Carthage expired in October 2022. This is a good time to get that permit renewed. For your convenience, I have attached the application forms as well as the previous application for reference.

Please send completed forms to our electronic mailbox: water.permits@tn.gov .

Thanks and feel free to reach out to me if you have questions.
