Good morning,

Please find the attached NOI for discharge of Hydrostatic Test Water from a new tank at 2847 Riverport Road. Construction of a new asphalt emulsion plant for Hudson Materials is currently underway at the site.

Please let me know if you have any questions.

Sincerely,
Johanna Heywood

PROCESS DESCRIPTION (Reply on a separate page, if necessary)

A brief description of the facility or vessel to be tested:	This is a new facility, currently under construction (TN CGP # TNR113881). As a component of the facility construction plans, they are constructing a new tank that has a diameter of 80 feet and height of 48 feet for a capacity of about 1.8 million gallons. There is a need to conduct hydrostatic test before insulating the tank.
Is the vessel to be tested new or used?	<input checked="" type="checkbox"/> new <input type="checkbox"/> used
Estimate of the volume of hydrostatic test water to be discharged.	1.8 million gallons
Source of the test water.	Hydrant
A description of material that has been contained in the vessel, if the vessel has already been in use.	N/A New Tank
Estimated dates of testing, frequency of tests, and duration.	Estimated date of testing is September 18, 2023; will be a one time test, that is expect to occur over a 5 day period to including filling the tank.
A brief description of Best Management Practices (BMPs) and/or treatment of the hydrostatic test water discharges.	The tank will be discharged at a controlled rate through a new, previously unused water separator which empties into a drainage adjacent to the site. The drainage empties to the Tennessee River about 2,200 feet west of the site.
Indicate how long you wish to be covered under this general permit; the division will establish a 12 month term of coverage unless you request a longer time. Please note that coverage under this permit cannot extend beyond the expiration date of the general permit, April 30, 2026.	<input type="checkbox"/> 2 years <input type="checkbox"/> 3 years <input type="checkbox"/> 4 years <input type="checkbox"/> 5 years

INSTRUCTIONS

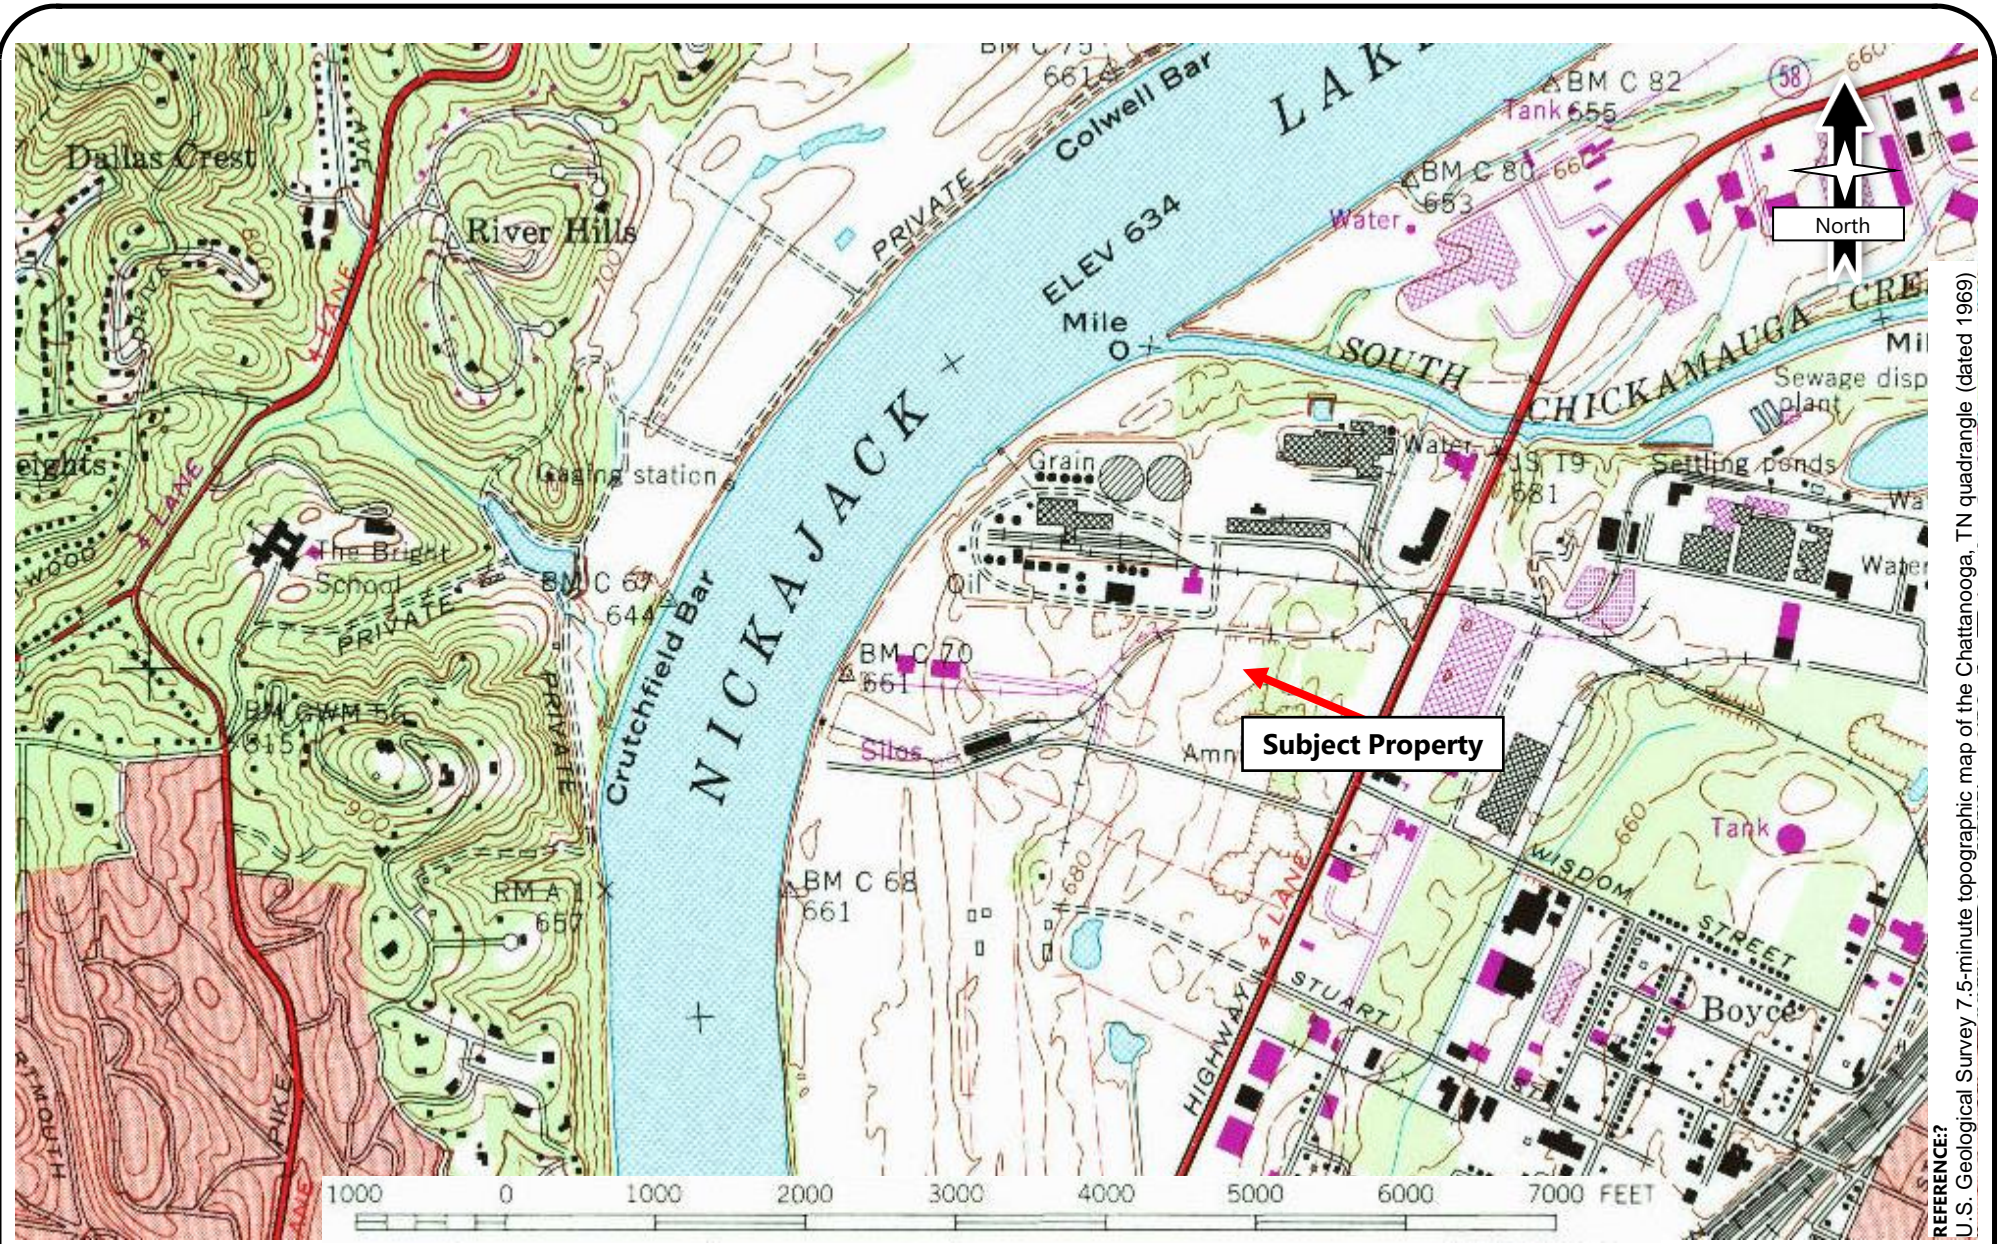

Complete the form Type or print clearly. Answer each item or enter "N/A," for not applicable. If you need additional space, attach a separate piece of paper. **Requesting coverage under this permit means that an applicant has obtained and examined a copy of this permit, and thereby acknowledges applicant's ability to be in compliance with permit terms and conditions.** This permit is required for discharges of hydrostatic test water. This form should be submitted at least 30 days prior to the commencement of hydrostatic testing activities.

Permittee Identification/Facility Identification Describe and locate the project, use the legal or official name of the facility or site. Provide the latitude and longitude (expressed in decimal degrees) of the center of the site, which can be located on USGS quadrangle maps. Attach a copy of a portion of a 7.5 minute quad map (or equivalent), showing location of site, with boundaries at least one mile outside the site boundaries.

Give the name(s) of receiving waters Trace the route of hydrostatic test water runoff from the site and determine the name of the river(s), stream(s), creek(s), wetland(s), lake(s) or any other water course(s) into which the hydrostatic test water drains. Note that the receiving water course may or may not be located on the site. If the first water body receiving test water discharge is unnamed ("unnamed tributary"), determine the name of the water body which the unnamed tributary enters.

Submitting the form and obtaining more information Note that this form must be signed by the company President, Vice-President, or a ranking elected official in the case of a municipality, for details see subpart 11.9 of the general permit. For more information, contact your local EFO, toll-free, at 1-888-891-8332 (TDEC). Submit the original completed and signed form to the division address on page 1 or a scanned PDF copy to Water.Permits@tn.gov

Notice of Coverage The division will review the NOI for completeness and accuracy and transmit to the permittee a Notice of Coverage (NOC) and Discharge Monitoring Report (DMR) form.
