 Robertson County
 Project Number: DW20220565
 Jones Village Development Water Line Extension

Dear Mr. Casterline:

The Department of Environment and Conservation, Division of Water Resources, has received your request for an extension of time to complete the project, previously approved under project number DW20220565 on June 7, 2022. On the basis that no revisions were made to the original submittal, this letter shall demonstrate an extension of one year. Approval now expires one year from June 12, 2023.

The Division's appropriate Field Office may desire to schedule an inspection of the construction work to verify compliance with the approved plans and specifications. Therefore, the engineer or the water utility shall notify the Nashville Field Office of the start of construction. This notification may be made by completing and sending the attached "Construction Start Notification" form to the field office.

The division's most recent TDEC Technical/Engineering Documents, including "*Design Criteria for Public Water Systems*", April 20, 2018, is available on our website: https://www.tn.gov/content/dam/tn/environment/water/documents/wr_wq_dw-community-water-system-design-criteria.pdf.
