City of Lewisburg, Marshall County
Wastewater Project Number 16-0956
State Revolving Fund 2017-390
Project: SRF-WWTP Improvements

We have reviewed engineering documents received on December 9, 2016 and have no comments concerning the project. The project consists of wastewater plant improvements through the addition of a phosphorous removal chemical storage/feed building and a methanol storage building. The improvements also include upgrades/renovations to the Snell Branch sewage pumping station.

To expedite matters, please reference the assigned wastewater project number 16-0956 on any future correspondence. If we may be of any assistance, please feel free to contact Miss Julie Harse at (615) 532-0682 or by E-mail at *Julie.Harse@tn.gov*.
