Re: **Notice of Violation (NOV)**
Well Construction Violation - No Driller Tag
Well ID #20230050
Matt Bryan
17255 Highway 41
Chattanooga, Marion County, Tennessee

Dear Mr. Morgan:

On July 12, 2023, Division staff performed a compliance water well surface construction inspection at the above referenced location. During the inspection, there was no driller tag attached to the well casing. This is a violation of the following Rule:

Rule 0400-45-09-.14(1) Well Registration – Identification states:

Each water well-constructed or reconstructed shall be equipped before the drill rig leaves the site with an identification tag or decal bearing a registration number. The tag and registration number shall be supplied by the Department.

Corrective Action:

Please return to the well location, attach the original driller tag and send photo documentation, or attach a new driller tag and submit a new driller report to the Nashville Central Office – Water Well Program, via mail or email within two weeks (fourteen days) of receipt of this Notice of Violation.
