Re: Protection Criteria and Local Limits Final Approval
Union City Pretreatment Program
NPDES Permit No. TN0021580
Obion County

Dear Ms. Dillon:

The Division of Water Resources would like to thank you for your pretreatment coordinator's submittal received on July 26, 2023, of the required public notice by Union City for modifications to the plant protection criteria and local limits. The public notification completes all the required activities for these modifications; therefore, final approval is granted. Should Union City, at any time in the future, begin experiencing problems at the wastewater treatment plant, these limits should be re-evaluated.

If you have any questions, please do not hesitate to contact me at (615) 417-3728 or Adam.Bonomo@tn.gov.

Sincerely,

Adam Bonomo
State Pretreatment Coordinator
