Love's Travel Stop & Country Stores, Inc.
Ramer, McNairy County, Tennessee

Dear Mr. Ross:

The Division of Water Resources (division) acknowledges receipt of a certified Notice of Termination (NOT) on May 10, 2019, for the above-referenced site. After a review of our files and inspection of the site, it has been determined that this site does not meet the termination requirements as stated in Section 8 of the Construction General Permit (CGP) and we are therefore returning the NOT to you. The entire site is not complete and stable and/or is not covered by replacement coverage (see attached inspection report).

When the site meets the requirements for termination, you may re-submit an NOT. Until that time please note that you are liable for construction related stormwater discharges from the site under the terms and conditions of the CGP.

Please be advised that a petition for permit appeal may be filed, pursuant to T.C.A. Section 69-3-105, subsection (i), by the permit applicant or by any aggrieved person who participated in the public comment period or gave testimony at a formal public hearing whose appeal is based upon any of the issues that were provided to the commissioner in writing during the public comment period or in testimony at a formal public hearing on the permit application. Additionally, for those permits for which the department gives public notice of a draft permit, any permit applicant or aggrieved person may base a permit appeal on any material change to conditions in the final permit from those in the draft, unless the material change has been subject to additional opportunity for public comment. Any petition for permit appeal under this subsection (i) shall be filed with the Technical Secretary of the Water Quality, Oil and Gas Board within thirty (30) days after public notice of the commissioner's decision to issue or deny the permit. A copy of the filing should also be sent to TDEC's Office of General Counsel.

If you have questions, please contact the division at your local Environmental Field Office at 1-888-891-TDEC; or, at this office, please contact Mr. Brian Wallace at (731) 512-1365 or by E-mail at Brian.Wallace@tn.gov.

Sincerely,

Conner Franklin by LIS

Conner Franklin
Environmental Program Manager

Notice of Termination (NOT) for General NPDES Permit for Stormwater Discharges from Construction Activities (CGP)

This form is required to be submitted when requesting termination of coverage from the CGP. The purpose of this form is to notify the TDEC that either all stormwater discharges associated with construction activity from the portion of the identified facility where you, as an operator, have ceased or have been eliminated; or you are no longer an operator at the construction site. Submission of this form shall in no way relieve the permittee of permit obligations required prior to submission of this form. Please submit this form to the local DWR Environmental Field Office (EFO) address (see table below). For more information, contact your local EFO at the toll-free number 1-888-891-8332 (TDEC).

Type or print clearly, using ink.

Site or Project Name: Loves Travel Stops - Extended Borrow Area
NPDES Tracking Number: TNR121990
Street Address or Location: 6870 Highway 45 S., Ramer, TN 38367
County(ies): McNairy

Name of Permittee Requesting Termination of Coverage: Love's Travel Stops & Country Stores, Inc.
Permittee Contact Name: Thomas Squires
Title or Position: VP of Construction & Maintenance
Mailing Address: ATTN: Jerrod Marsh - PO BOX 26210
City: OKC State: OK Zip: 73126
Phone: 405-463-8931
E-mail: Construction_Uilities_Permits@loves.com

Check the reason(s) for termination of permit coverage:

Stormwater discharge associated with construction activity is no longer occurring and the permitted area has a uniform 70% permanent vegetative cover OR has equivalent measures such as rip rap or geotextiles, in areas not covered with impervious surfaces.
You are no longer the operator at the construction site (i.e., termination of site-wide, primary or secondary permittee coverage).

Certification and Signature: (must be signed by president, vice-president or equivalent ranking elected official)

I certify under penalty of law that either: (a) all stormwater discharges associated with construction activity from the portion of the identified facility where I was an operator have ceased or have been eliminated or (b) I am no longer an operator at the construction site. I understand that by submitting this notice of termination, I am no longer authorized to discharge stormwater associated with construction activity under this general permit, and that discharging pollutants in stormwater associated with construction activity to waters of the United States is unlawful under the Clean Water Act where the discharge is not authorized by a NPDES permit. I also understand that the submittal of this notice of termination does not release an operator from liability for any violations of this permit or the Clean Water Act.

For the purposes of this certification, elimination of stormwater discharges associated with construction activity means that all stormwater discharges associated with construction activities from the identified site that are authorized by a NPDES general permit have been eliminated from the portion of the construction site where the operator had control. Specifically, this means that all disturbed soils at the portion of the construction site where the operator had control have been finally stabilized, the temporary erosion and sediment control measures have been removed, and/or subsequent operators have obtained permit coverage for the site or portions of the site where the operator had control.

I certify under penalty of law that this document and all attachments were prepared by me, or under my direction or supervision. The submitted information is to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment. As specified in Tennessee Code Annotated Section 39-16-702(a)(4), this declaration is made under penalty of perjury.
