Re: Consumer Confidence Report Rule Compliance Status for the Period:

**January 1, 2022 through July 1, 2022**

County: Pickett

Division of Water Resources Field Office: Cookeville

PWSID: TN0000088

Dear Mayor Gibson:

The Division of Water Resources (DWR) appreciates the dedicated efforts of Byrdstown Water Department to meet the requirements of the Tennessee Safe Drinking Water Act (SDWA). Failure by a community water system to meet reporting requirements is a violation of the drinking water regulations. During a recent compliance status review, Byrdstown Water Department has been identified with a possible reporting violation of the Consumer Confidence Report Rule.

The Consumer Confidence Report Rule requires community water systems deliver a copy of the Consumer Confidence Report (CCR) to water customers and to DWR by July 1 every year. The CCR shall be delivered by approved methods and shall contain correct water quality information that is consistent with the compliance monitoring data submitted to DWR. DWR did not receive a copy of Byrdstown Water Department's CCR and therefore, Byrdstown Water Department has incurred a reporting violation.

If you believe the violation listed above has been identified incorrectly, please provide documentation to our office within fifteen (15) days of receiving this correspondence. Failure to do so will cause the violation to become valid and reported to the United States Environmental Protection Agency (EPA).

Again, DWR would like to extend our appreciation for your efforts to maintain compliance with the Safe Drinking Water Act. As always, our staff is available to assist you with any questions you may have.

Specific concerns regarding this letter should be directed to the Cookeville Environmental Field Office at (931) 520-6688 or to Rebecca Rush at [Rebecca.Rush@tn.gov](mailto:Rebecca.Rush@tn.gov) or at (615) 532-5984.

Sincerely,

A handwritten signature in cursive script that reads "Jessica Murphy".
