NPDES FORM 3510-11

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY WASHINGTON, DC 20460 NO EXPOSURE CERTIFICATION FOR EXCLUSION FROM NPDES STORMWATER PERMITTING

Form Approved OMB No. 2040-0211

Submission of this No Exposure Certification constitutes notice that the entity identified in Section A does not require permit authorization for its stormwater discharges associated with industrial activity in the State identified in Section B under EPA's Stormwater Multi Sector General Permit due to the existence of a condition of no exposure.

A condition of no exposure exists at an industrial facility when all industrial materials and activities are protected by a storm resistant shelter to prevent exposure to rain, snow, snowmelt, and/or runoff. Industrial materials or activities include, but are not limited to, material handling equipment or activities, industrial machinery, raw materials, intermediate products, by-products, final products, or waste products. Material handling activities include the storage, loading and unloading, transportation, or conveyance of any raw material, intermediate product, final product or waste product. A storm resistant shelter is not required for the following industrial materials and activities:

- drums, barrels, tanks, and similar containers that are tightly sealed, provided those containers are not deteriorated and do not leak. "Sealed" means banded or otherwise secured and without operational taps or valves;
- adequately maintained vehicles used in material handling; and
- final products, other than products that would be mobilized in stormwater discharges (e.g., rock salt).

A No Exposure Certification must be provided for each facility qualifying for the no exposure exclusion. In addition, the exclusion from NPDES permitting is available on a facility-wide basis only, not for individual outfalls. If any industrial activities or materials are or will be exposed to precipitation, the facility is not eligible for the no exposure exclusion.

By signing and submitting this No Exposure Certification form, the entity in Section A is certifying that a condition of no exposure exists at its facility or site, and is obligated to comply with the terms and conditions of 40 CFR 122.26(g).

ALL INFORMATION MUST BE PROVIDED ON THIS FORM.

Detailed instructions for completing this form and obtaining the no exposure exclusion are provided on pages 3 and 4.

A. Facility Operator Information
1. Name: CITY OF LEWISBURG TENNESSEE 2. Phone: 931-359-6831
3. Email: c t a e w s b u g water org
4. Mailing Address: a. Street PO BOX 2787
b. City: LEWISBURG
B. Facility/Site Location Information
1. Facility Name: CORNERSVILLE WMTP
2. a. Street Address: 1 8 8 0 NEW OSTELLA
b. City: dornersVILLE c. County: MARSHALL
d. State: TN e. Zip Code: 37047-
3. Is the facility located on Indian Lands? YES NO
4. Is this a Federal facility?
5. a. Latitude: 3 5 ° 1 9 5 6 " b. Longitude: 8 6 ° 5 0 3 6 "
6. a. Was the facility or site previously covered under an NPDES stormwater permit?
b. If yes, enter NPDES permit number or tracking number: TNR 058559
7. SIC/Activity Codes: Primary: 4952 Secondary (if applicable):
8. Total size of site associated with industrial activity: 2.6
9. a. Have you paved or roofed over a formerly exposed, pervious area in order to qualify for the no exposure exclusion? YES NO
b. If yes, please indicate approximately how much area was paved or roofed over. Completing this question does not disqualify you for the no exposure exclusion. However, your permitting authority may use this information in considering whether stormwater discharges from your site are likely to have an adverse impact on water quality, in which case you could be required to obtain permit coverage.
Less than one acre One to five acres More than five acres

1. L	Are any of the following materials or activities exposed to precipitation, now or in the foreseeable future?		
1. 1	(Please check either "Yes" or "No" in the appropriate box.) If you answer "Yes" to any of these questions (1) through (11), you are not eligible for the no exposure exclusion.	Yes	No
	Using, storing or cleaning industrial machinery or equipment, and areas where residuals from using, storing or cleaning industrial machinery or equipment remain and are exposed to stormwater		\boxtimes
	Materials or residuals on the ground or in stormwater inlets from spills/leaks		\boxtimes
	Materials or products from past industrial activity		\boxtimes
	Material handling equipment (except adequately maintained vehicles)		\boxtimes
	Materials or products during loading/unloading or transporting activities		\boxtimes
9 1	Materials or products during loading-triboding of during-tributing		\boxtimes
	Materials contained in open, deteriorated or leaking storage drums, barrels, tanks, and similar containers		X
	Materials or products handled/stored on roads or railways owned or maintained by the discharger		X
	Waste material (except waste in covered, non leaking containers [e.g., dumpsters])		X
	Application or disposal of process wastewater (unless otherwise permitted)		X
	Particulate matter or visible deposits of residuals from roof stacks and/or vents not otherwise regulated		X
