Re: Facility ID # 06-0056
Permit Number: 966724P; 966489P

Dear Mr. Prine or responsible official:

The Division of Air Pollution Control is completing file reviews in an effort to ensure all permits are not beyond their expiration date. During our review, it has come to our attention that permits numbers 966724P and 966489 are due to expire on December 1, 2013.

The renewal deadline is **October 2, 2013**. In order to remain in compliance, the facility would need to have the renewal application postmarked by this date. The renewal application form (APC20/APC100) is located at (<http://www.tn.gov/environment/permits/airoper.shtml>). You now have the option of submitting your application via email to Air.Pollution.Control@tn.gov. The submittals must be signed and in PDF format.

However, if you prefer to mail your applications, please note that our Nashville office recently moved to

Tennessee Department of Environment and Conservation
Division of Air Pollution Control
15th Floor, William R. Snodgrass Tennessee Tower
312 Rosa L. Parks Avenue
Nashville, Tennessee 37243

Please read all of your permit conditions and determine if there are other possible deadlines and record keeping requirements.

Should you have any questions, feel free to contact me at (423) 634-6075 or Don.Davis@tn.gov. If the application process has already begun, please disregard this letter.

Sincerely,

Don Davis
Environmental Field Office Manager
Tennessee Division of Air Pollution Control
