Revised application (signed APC 202) for Sazerac of Tennessee, LLC: 75-0912/981922

John - Since we decided this would be a CM facility, gasoline dispensing PBR wouldn't apply. Should we treat this as an insignificant activity?

Thank you,
Joshua Rhoads

Subject: Complete Construction Permit Application - Sazerac of Tennessee, LLC (75-0912/981922)

Good afternoon,

I have attached a copy of the completeness determination letter for Sazerac of Tennessee, LLC's construction permit application dated November 6, 2023. Please retain this letter for your records. Be advised that construction or modification of the source cannot begin until you are in receipt of the issued construction/modification permit.

Additionally, please sign and resubmit the Notice of Intent application form (APC 202) for the proposed gasoline dispensing operation. While this doesn't affect the determination of completeness for the construction permit application, the signed Notice of Intent will be needed to continue processing a Notice of Coverage through the Permit-By-Rule program.

Best Regards,
Joshua Rhoads
