Subject: 28-0076/578338: Adient US, LLC Title V Permit Renewal Application

Good Morning,

Due to lack of trained permitting staff, the application dated June 11, 2020, for your Title V permit no. 578338 has not been assigned to a permit writer and action on the application will be delayed. Once enough staff have been hired and trained, the application will be assigned, and work will be initiated. In the meantime, you should continue to comply with the provisions of your current Title V permit no. 569269. It will likely be several months until the application is assigned. You will be notified when the application has been assigned to a permit writer. Should you have any questions or concerns please contact me at the email or phone number located in the signature block below.

Sincerely,
