Mr. Horton,

The address is 1304 Southgate Place, Kingsport Tennessee 37660. I working on getting the brochures on the screen and also the stackers. Hopefully I will be able to send this afternoon.

Thanks,

Tyler Davis

Tyler:

I have attached a couple production related technical specification information I was referencing in our past discussions. This is also based on that both locations will be using the same equipment when necessary based on production needs.

What's the street address (ie 1000 Jan Way, etc) to the Southgate property?

Sincerely:

J Horton
