Subject: RE: Adient 28-0076 Title V Permit Application

Good Morning,

The Division received your revised Title V operating permit application for the above referenced facility on June 2, 2023. Upon a preliminary review, old application forms were used for the revised application. These application forms were superseded by the those forms found on the Division's website more than five years ago (<https://www.tn.gov/environment/program-areas/apc-air-pollution-control-home/apc/permits-air/air-quality-operating-permit0/permit-air-title-v-operating-permit.html>), and are no longer supported by the Division. The new forms have updated information and requests information necessary to process a Title V permit.

Please submit a revised permit application using the application forms found on the Division's website within 60 days of receipt of this email.

Sincerely,

Jill Pratt, E.I. | Environmental Manager 3
Chemicals and Food Section
Division of Air Pollution Control
Knoxville Environmental Field Office
