**Re: Notice of Deficiency Part II Permit Application  
City of Lebanon Tier III Composting Facility  
CMP950000010**

Dear Mr. Baines:

The Tennessee Department of Environment and Conservation (TDEC) Division of Solid Waste Management (Division) Nashville Environmental Field Office (NEFO) has received and reviewed the Part II Permit Application for the City of Lebanon Compost Facility dated September 14, 2020. After review, the following deficiencies were noted:

1. The permit drawings do not contain the Northing and Easting coordinates and do not contain a benchmark. Please revise the drawings to include the coordinates and the benchmark.
2. Attachment 6 of the submittal did not include the FEMA flood map. Please provide the map for review.

If the Division can be of any assistance, please do not hesitate to contact me by email at [maria.matoska@tn.gov](mailto:maria.matoska@tn.gov) or by telephone at 615-557-7652.

Sincerely,

*Maria Matoska*

Maria Matoska  
Nashville Environmental Field Office Manager  
Division of Solid Waste Management
