RE:

NOTICE OF DEFICIENCY (NOD)

Minor Hill Convenience Center, CCC280000595

Dear Ms. Phillips:

In accordance with the Regulations Governing Solid Waste Processing and Disposal in Tennessee, Rule Chapter 0400-11-01, the Permit Application for the Minor Hill convenience center in Giles County, Tennessee has been reviewed for compliance with these Rules. Based on the submittal, received on April 29, 2019, the application has items that need to be addressed before continuing the review process. Below are the items that were found in the review:

- 1. The narrative mentions that an attachment is provided to describe anticipated traffic flow and container locations, but the said attachment does not appear to have been included with the application. Please provide a design plan indicating the boundaries of the site and all appurtenances as referenced in Rule 0400-11-01-.10(2)(b)1.(ii).
- 2. Please revise the response to Rule 0400-11-01-.10(3)(i)3. to address the storage of solid waste rather than materials.

Please submit revisions to:
