Importance: High

Good afternoon!

Attached you will find the Year 17 Annual Report for the old MS4 permit TDOT was operating under.

Per previous conversations, this report will be the final action item required under the old permit as the Department is currently adhering to and implementing requirements associated with the new TS4 permit issued on August 1, 2023.

Please let me know if there is any additional information I may need to supply.

Thank you and have a great weekend!
