RE: City of Johnson City Inter-basin Transfer Certification

Dear Mr. McAdoo,

In accordance with Section 1200-4-13.10 of the Rules of the Water Quality Control Board, the City of Johnson City Water and Sewer Department submits the following report to comply with the Annual Certification requirement regarding Inter-basin Water Transfer.

This is to certify that there has been no significant increase in inter-basin transfer within the City of Johnson City's Water and Sewer System. The maximum 90-day period is slightly lower for the Unicoi Treatment Plant and is the same for the Watauga Treatment Plant. The amount of inter-basin transfer is relatively close to those initially reported in October 2000.

Attached are Inter-basin Water Transfer Reports for both Watauga Water Treatment Plant and the Unicoi Water Treatment Plant. These forms will verify the information being certified in this letter.

If you have any questions, or wish to discuss this further, please contact me Matt Holtsclaw at (423) 975-2646.

Sincerely,

A handwritten signature in cursive script that reads 'Matt Holtsclaw'.
