Mr. T. E. Swails, General Manager
Union Camp Corporation
P. O. Box 645
Morristown, TN 37815

Re: 32-0028-06

35931

Dear Mr. Swails:

Thank you for your recent permit application(s).

On June 8, 1988 and/or July 19, 1989, the Tennessee Air Pollution Control Board adopted regulations which would exempt the type of operation(s) which you indicated from permitting requirements. Therefore, no permit(s) will be necessary for the source(s) listed below.

Source(s)

Applicable Rule

Starch Storage Silo
with Baghouse Control

1200-3-9-04(4)(KK)

All applicable air pollution regulations must still be met by your facility.

If you have any questions about this matter, please contact the new source review at 615-532-0554.

Sincerely,

MC 3/22/93

David G. Carson
Chief, New Source Permitting Program
Division of Air Pollution Control
