Subject: Administrative Amendment to Major Source Operating Permit (MSOP) 32,
Permit Number 561988, PES B-248-2

Dear Mr. Stephens:

In accordance with Permit Condition C3, Eastman Chemical Company, Tennessee Operations, hereby requests an administrative amendment for PES B-248-2, Condition E4-5 of the Title V Permit referenced above.

We are submitting today under separate cover the Comprehensive Performance Test report and Notification of Compliance for the Liquid Chemical Destructor. We request a change to the V.30 attachment footnote incorporating the March 6, 2013 submittal by reference. Included with this submittal is a disk containing the complete report of the NOC for the LCD.

Please call me at (423) 229-6942 if you have questions regarding this request.

Sincerely,

Sherry Crawford
