Dear Mr. Thomas:

Your construction permit application dated June 18, 2021, for a batch mix asphalt plant operation was received on June 21, 2021. Please be advised that construction or modification of the source cannot begin until you are in receipt of the issued construction/modification permit. A determination has been made that the application is incomplete because the required application filing/processing fee was not included.

The responsible official for an air contaminant source is required by paragraph 1200-03-26-.02(5) of the Tennessee Air Pollution Control Regulations to pay a construction permit application filing/processing fee. Based on the information provided in your application, the fee for your submittal is \$50.00. Please pay your fee by check payable to the Tennessee Division of Air Pollution Control and send to the following:

Tennessee Department of Environment and Conservation
Division of Air Pollution Control

The fee and a copy of this letter must be submitted within 60 days of receipt of this letter so that the Division can process your application. If additional deficiencies are later identified, you will be able to correct them within the remainder of the 180-day period that begins on the date you received this letter, as provided in subparagraph 1200-03-26-.02(4)(d) of the Tennessee Air Pollution Control Regulations.
