Dunlap Asphalt / TDEC Permit 476977, Facility #77-0020
5139 West Valley Road
Dunlap, Sequatchie County, Tennessee

Dear Sir or Madam,

Dunlap Stone, Inc. agrees to a maximum asphalt production of 144,000 tons during any interval of 12 consecutive months using natural gas, waste oil, or #2 diesel as its fuel source at the facility. Dunlap Stone agrees to a PM facility-wide emission limitation of 19.40 tons, CO facility-wide emission limitation of 33.80 tons, and NOx facility-wide emission limitation of 44.00 tons during any interval of 12 consecutive months. Each emission limitation also includes that insignificant, exempt, and fuel-burning sources do not exceed 5.00 tons during any interval of 12 consecutive months. Dunlap Stone, Inc. will demonstrate compliance of these limitations by recordkeeping as required by their permit. If you have any questions or need additional information, please do not hesitate to contact the undersigned.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Jeremy Thomas', with a large, sweeping loop at the end.
