Subject: [EXTERNAL] Notice of RO Interim Change

***** This is an EXTERNAL email. Please exercise caution. DO NOT open attachments or click links from unknown senders or unexpected email - STS-Security. *****

On May 20, 2020, notification was submitted to the Tennessee Department of Environment and Conservation that Brad Shamla had assumed the role of Responsible Official, and that Robert Arnold was designated Representative for identified Texas Eastern Transmission, LP and East Tennessee Natural Gas facilities. Please be advised that Brad Shamla recently retired. For the interim, administrative oversight of US gas transmission operations has been assigned to Bryan Ysebaert, VP Canada Transmission & US Offshore Operations. Mr. Robert Arnold will continue to act as the Responsible Official as defined in 1200-03-09-.02(11)(b)21 for the Tennessee operations, a listing of which is attached. Additional notification will follow as soon a permanent replacement has been selected for Mr. Shamla's position.

Please feel free to contact me if any additional information or action is required.
