SENDER'S RECORD

February 24, 2021

Mr. Ronnie Tate, President  
Tate Fabricating Company, Inc.  
419 Industrial Drive  
White House, TN 37188

Re: Construction Permit Application  
419 Industrial Drive, White House, TN, 37188  
Emission Source Reference No. 74-0087-01, 02, 03, and 04/Permit No. 978595

Dear Mr. Tate:

Your construction permit application dated October 29, 2020 for a surface coating and welding operation was received on October 6, 2020. Additional requested information was received verbally on February 4, 2021. A determination has been made that the application is incomplete for the following reason(s):

Additional information is needed as follows:

1. A determination has been made that the welding operation is subject to 40 CFR 63 Subpart XXXXXX - National Emission Standards for Hazardous Air Pollutants Area Source Standards for Nine Metal Fabrication and Finishing Source Categories. An initial notification must be submitted pursuant to §63.11519 of that subpart.
2. Additional information received February 4, 2021, indicated there are active machining operations at this source. A list of active machining operations at this facility must be submitted. The list must indicate what, if any, processes are hand-held and/or use fluids for lubrication or cooling and must include emissions estimates. The list must indicate which, if any, machining operations are subject to 40 CFR 63 Subpart XXXXXX. If any machining operations are subject to Subpart XXXXXX, they must be included in the initial notification submitted pursuant to §63.11519 of that subpart.
3. Additional information received February 4, 2021, indicated there is an active dry abrasive blasting process at this source. An APC 101 and 102 must be submitted for this source along with emission estimates. If this dry abrasive blasting process is subject to Subpart XXXXXX, it must be included in the initial notification submitted pursuant to §63.11519 of that subpart.

The responsible official for an air contaminant source is required by paragraph 1200-03-26-.02(5) of the Tennessee Air Pollution Control Regulations to pay a construction permit application filing/processing fee. Based on the information provided in your application, the fee for your submittal is five hundred dollars (\$500.00). Please pay your fee by check payable to the Tennessee Division of Air Pollution Control and send to the following:

Tennessee Department of Environment and Conservation  
Division of Air Pollution Control  
William R. Snodgrass Tennessee Tower, 15th Floor  
312 Rosa L. Parks Avenue  
Nashville, TN 37243

The fee and a copy of this letter must be submitted within 60 days of receipt of this letter so that the Division can process your application. If additional deficiencies are later identified, you will be able to correct them within the remainder of the 180 day-period that began October 29, 2020, as provided in subparagraph 1200-03-26-.02(4)(d) of the Tennessee Air Pollution Control Regulations.

If you have any questions concerning this correspondence, please contact Justin Dolzen at (615)532-0575 or Justin.Dolzen@tn.gov. Your Facility ID is **74-0087**, please reference this number in any further correspondence with the Division.

Sincerely,

A handwritten signature in blue ink, appearing to read "James P. Johnston".

James P. Johnston, P.E.  
Deputy Director  
Permitting & Regulatory Development
