Pursuant to Tenn. Comp. R. & Regs. 1200-03-09.02(3)(a), an application for an operating permit shall be filed with the Technical Secretary not less than sixty (60) days prior to the expiration of an existing operating permit. Therefore, the deadline to submit an operating permit application is **September 2, 2018**.

You now have the option of submitting your application via email to Air.Pollution.Control@tn.gov. The submittals must be signed, dated, and in PDF format. If preferred, paper documents can be mailed to the Technical Secretary at the address found on the application.

Please ensure all conditions of this permit have been met, including any deadlines and record keeping requirements.

If assistance is needed, the Small Business Environmental Assistance Program (SBEAP) is a free, confidential, technical program within TDEC that can help. This program is able to assist with completing applications including calculations as well as any other environmental questions that a small business may have.
